

Renters Insurance

If your personal items were damaged or stolen, what would you do?

- Could you repair or replace them?
- Where would you stay if a fire forced you from your home?
- Would your claim be settled quickly?

An Alfa® Renters policy could be the answer in protecting you and your possessions. Coverage can be tailored with your needs in mind.

Loss of Use

Alfa provides for necessary additional living expenses (hotels, restaurants, etc.) while your home is uninhabitable because of damage from an insured peril (up to policy limits).

Important Coverages For Your Valuables

Losses are settled on an actual cash value basis. Your policy may provide a specific level of coverage for certain valuables. Your agent can provide specifics on valuables including electronics, jewelry, firearms and more, as well as how to get replacement cost coverage and increased limits through endorsements.
